Bachelor Of Computer Applications
(2019-2023)

KENDRIYA VIDYALAYA , NEW DELHI
12th | CBSE | 80%
10th | CBSE | 80%

PROJECTS

BLOG APP

 Blog_App(MERN)

A web app enables users to create, read, update, and delete blog posts. It features a responsive frontend built with React, a backend powered by Express and Node.js, and MongoDB for storing blog data. The application highlights my proficiency in both frontend and backend development, as well as my ability to design and implement a dynamic web solution.
